

On Monday, January 6, [you can take action to defend CDPAP home care and personal assistant jobs for tens of thousands of New Yorkers!](#)

[Sign Up to Call PPL on Monday, January 6, to Defend CDPAP for New Yorkers](#)

A bit of background (*in case you haven't heard the disastrous news...*):

- In 2024, Governor Hochul finalized a deal to hand administration of the entire CDPAP program to just *one* fiscal intermediary, an out-of-state, for-profit corporation called PPL.
- PPL will replace ALL of the current fiscal intermediaries who provide services based on language, geographic region, culture and disability.
- PPL has very little experience in NY, and *has been a disaster* in many other states - *not paying workers and making thousands of consumers lose their home care.*

The Governor and PPL say they can smoothly transition all 280,000 consumers and 425,000 PAs into PPL's system in just 3 months. We know this is impossible, and **fear tens of thousands of people will lose their home care and their PA jobs.**

PPL doesn't have the infrastructure in place to make this transition happen, and we want to show the press and our legislators the truth!

Here's the plan: PPL's phone lines open on Monday, January 6th, so on that day, **we'll all call the PPL customer service line to see if they're ready for prime time.** If PPL shows us they aren't prepared to handle this massive transition, we are going to blast the news to legislators and the press!

[Will you make a call to PPL's customer service line on Monday, Jan 6, to help us stop this disastrous transition? If so, please sign up here!](#)

If you're joining us, on Monday we will provide you with all the support you need!

- You'll receive PPL's phone number, a call script, and a survey where you can report back on what went down (we'll also have these helpful resources available in Spanish and Chinese).
- We will make our calls together over Zoom from 12-1 PM! If you can't join us then, you can make your call anytime that day during business hours.
